Roll

Ongoing Developments

Adam Alsegård

Norrköping

Real-time visualization of the
Gaia data

Karin Reidarman

New York

Rendering of known
attributes of all Exoplanets

Hanna Johansson,
Sofie Khullar

Salt Lake City

Touch screen interfaces
for public exhibitions

Caroline Gard, Kristin Bäck

New York

Animation of the Curiosity
rover

Jonathan Grangien, Matthias Berg

NASA Goddard

User-friendly interface for scientists + volumetric
rendering of space weather
